FARMERS COMPLAIN THEY ARE NOT GETTING FAIR WHEAT PRICE
Hutchinson, Kans., Aug. 15.—Farmers and wheat growers representing 10 counties of the Kansas wheat belt met here Friday to discuss why the farmer is not getting better prices for his wheat.

French Foreign Legion Not So Bad as Germans Are Now Painting It

Paris, France, Aug. 15.—There has been of late much discussion as to the real character of the famous French foreign legion. The subject is a delicate one to touch.

The Germans say all manner of ill of it, and in this they are not right; behind the short-story writers of the popular magazines in London. On the other hand the French themselves say that the soldiers of the foreign legion are well treated and equal with indignation charges to the contrary.

Woman Ends Life in Lake While Her Two Daughters Look on in Helplessness

Berlin, Germany, Aug. 15.—A dramatic scene on a lake has formed the setting to the strange suicide of the beautiful wife of one of Berlin's well-known artists, Frau von den Heydt. She was exceedingly beautiful and much sought after in society and had been staying on the Starnberg lake, near Munich. She was living in a villa by the water's edge, and asked a neighbor for her two daughters, aged 12 and 10 years respectively, might accompany her for a row. Although a thunderstorm was gathering, she got the two girls in row with her out into the middle of the lake until she was about half a mile from the shore. She then went into the bow of the boat, dived her head under the water, and asked a neighbor to jump into the water. She was afterwards discovered to have had a letter, and having drained it to the dregs, jumped into the water.

Her two daughters were so terrified by their experience that they only got back to land with the assistance of some fishermen. The woman's body was washed ashore later in the day.

TWO WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headache.' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now."—Mrs. M. R. Karschnick, 1438 N. Paulina Street, Chicago, Illinois.

The Other Case.
Dayton, Ohio.—"Lydia E. Pinkham's Vegetable Compound relieved me of pains in my side that I had for years and which doctors' medicines failed to relieve. It has certainly saved me from an operation. I will be glad to assist you by a personal letter to any woman in the same condition."—Mrs. J. W. Sherris, 126 Cass St., Dayton, Ohio.

Sleep In Kid Gloves If You Wish Pretty Hands

PROVIDE yourself with a loose, perfectly clean pair of white kid gloves, several sizes too large for you, and sleep in these at night. Before putting them on, wash the hands thoroughly with pure soap and warm water, dry them well and rub in cold cream, or, if wrinkles are forming, a good massage cream. Take each finger separately and work the cream well into it, twisting the finger slightly and working from the base to the finger tip. Then cover the back of the hand with the cream and treat to a series of little putting movements, beginning at the wrists and running up over the knuckles, getting all the cream into the skin that it will hold.

This will fill out hollows and take away wrinkles, and sleeping in the kid gloves at night will induce perspiration which will whiten the hands. If there are discolorations on the hands, apply peroxide of hydrogen once or twice a week, no oftener, as it is drying to the skin.

Manicuring.
In large cities the regular weekly visit to the professional manicure has become to be a habit, and with one thorough treatment a week it is a simple matter to keep the nails in good condition. However, it is quite possible for a woman to manicure her

nails herself, if she has the implements that a professional uses, and practices the manner of properly using them.

The proper tools are not expensive, but it is best to purchase them separately and avoid those that come in sets. Ask for the best quality and the style used by professionals. They consist of a pair of scissors with curved, narrow blades, a long flexible file, a thin cuticle knife and a buffer of good size with a chamfer cover that can be easily removed. In addition to these are some inexpensive articles such as orange wood sticks, a wide-mouthed bottle of peroxide of hydrogen, emery board, a polishing cream or powder, a nail brush and a bowl of warm, soapy water.
